Located in the heart of the Provence countryside, near the village of Flassans-sur-Isole, Domaine de Pique Roque is a 70 hectare estate which covers large oak forests, pasture land and vineyards. Having started his career in wine sales in the UK, when his parents bought the Pique Roque estate as part of their retirement plan, British born Max Hubbard moved to the region, studied oenology and made it his mission to transform the property's vineyards and reputation as a producer of top quality Provence wines.

TASTING NOTES

Colour is incredibly pale, glistening, silver-pink, with aromas being delicate and clean, with notes of perfumed strawberries. This is a light, dry, energetic mouthful, with precision, purity and lift.
