## Savigny-Lès-Beaune Godeaux, Domaine Seguin-Manuel 2019

Burgundy, France

### PRODUCER

Seguin-Manuel was founded in 1824, however its links with Burgundy vineyards date back as far as 1720. More recently, the business was bought by Thibaut Marion, who comes from an old Beaune family. The firm was originally based in Savigny, in a 14th century vat-house with vaulted cellars which had been built by the Abbey of Cîteaux. Thibaut has now moved to a more practical, modern site in Beaune and has taken great strides in fine-tuning the wine-making, with improvements being striking in the domaine's wines. He has also expanded the estate's vineyard holdings to 8.5 hectares.

### VINEYARDS

Godeaux is a south-west facing hillside plot of 1.6 hectares, which is owned and organically farmed by the domaine. Soils are clay-limestone.

### WINEMAKING

Hand-picked, the grapes are carefully sorted and destemmed prior to fermentation and maceration for 15 days. The wine was matured in oak casks for 12 months (15% new oak).

### TASTING NOTES

Pale ruby-garnet colour, aromas showing attractive, vital, red berry fruit with spicy complexity. Palate is medium bodied, having excellent middle concentration, fine structure and beautiful purity of flavour. This has tension and freshness, the finish being long flavoured and silky
